CUTTING TREES AT BROWNSTOWN

County Commissioners Order More Trees Removed From the Court House Grounds.

PROPOSE TO BEAUTIFY PARK.

Court House Will Show to Better Advantage as Tree Spacing is More Nearly Uniform.

More trees are being cut in the court house yard at Brownstown today. Sometime after the completion of the new courthouse last fall, the commissioners ordered quite a number of the trees in the court house yard cut down so that the building might stand out more clearly. This aroused a storm of opposition from everyone who was interested in the beauty of the park surrounding the court house. The protest was so emphatic that the original plan was altered and only a few trees were cut at that time until they could see the effect which would be produced by the cutting of these few. After looking the matter over a few of the remaining trees were ordered cut down and the workmen are doing the cutting today. It is the understanding now that only two trees are to be cut at this time, so that the remaining trees may stand more nearly uniform as to space. It is also understood that new trees are to be set out in a few places where the trees are now too far apart.

The commissioners will have the approval of the taxpayers in everything which will tend to beautify the courthouse grounds; but if they should go beyond this and destroy trees, which have been years in growing and which are the pride of the people in Brownstown, they would meet very strong criticism. It requires a lifetime to grow a tree, which can be destroyed in a few minutes' time. The county commissioners' intentions are doubtless right in this matter of cutting down the trees, but they should act only after very careful and very thorough consideration in cutting a tree, which when once done can never be satisfactorily replaced.

MITCHELL AND FULTZ

Will Appeal Their Cases to the Supreme Court.

The cases of Charles Mitchell and Joseph Fultz, convicted murderers of James L. Mitchell, will according to one of attorneys for the prisoners be taken to supreme court. The preliminary action has already been taken in the matter. The necessary affidavits were signed by the men in the jail here before they were taken to Michigan City.

Saturday a motion and affidavit was made and it was ordered to prosecute as poor person, the action of Mitchell and Fultz. This morning a motion for a new trial was made and overruled. Each of the men filed a bill of exception.—Bedford Mail.

Birthday Party.

Monday, Feb. 5 was the birthday of Floyd Ruddick, Buford Goodale and Lawrence Wilman and the event was celebrated at the home of Floyd Ruddick on South Lynn street Monday evening when they delightfully entertained thirty-one of their friends. Little Marie Pfaffenberger as Valentine fairy had charge of the post-office and gave each one that called a valentine.

The dining room table where refreshments of ice cream and cake were served, was decorated in groups of candles to represent their respective ages of eight, fourteen and fifteen.

The evening was spent in playing games and the young folks had a jolly time. Those present were Lawrence Horning, John Conley, Albert Mitchell, Fredrick Brethauer, Edward and William Rothkopf, Wilburn Lunte, Lawrence Wilman, Carl Sumner, Eugene Smith, Claude Robbins, Clifford Robbins, Otto Aufenberger, Edward Massman, Lawrence Pfaffenberger, Buford Goodale, Floyd Ruddick, Edith Whitson, Marie Brockoff, Eva Thickston, Marie Pfaffenberger, Inez Kriehagen, Esther Doane, Veva Mitchell, Lillian Conley, Elsie Aufenberger, Edna Meyers, Agnes Carpenter, Ora Carpenter, Estella Ruddick and Dorothy Monroe.

Entertained.

Mrs. F. W. Wesner was hostess to the Devoir Society Tuesday evening at her home on North Ewing street and entertained in a delightful manner. After the business and program, the latter of which consisted of character sketches from the Bible by Aileen Brown and Joy Hopewell, a paper was read by Mrs. O. H. Reinhart giving the needs of the society. Mrs. Wesner gave a paper on the life of Charles Dickens. The decorations were in keeping with the approaching St. Valentine's Day and all spent an enjoyable evening.

At 10 o'clock fruit salad, nut cake and coffee were served.

Surprised in New Home.

The members of the Indiana Study club surprised Mrs. R. J. Barbour at her new home on North Chestnut street Tuesday evening. Mrs. Barbour is an active member of the club and the members took this occasion to show their friendship. Last week Mr. and Mrs. Barbour moved into the residence which they purchased from C. W. Milbous. The evening was spent socially and at the close refreshments were served.

Plead Guilty.

E. M. McElwain plead guilty this morning in Mayor Swope's court on the charge of keeping a gaming house and was fined ten dollars and costs, amounting to about \$25.00.

NEWSY PARAGRAPHS.

Mrs. Andy Rust of near Cortland, is quite sick.

Mrs. Mary Greer of West Fifth street, continues quite sick.

Harry Gosney a B. & O. brakeman, has reported for work after a week's illness.

S. V. Jackson, one of the city mail carriers, is off duty today on account of sickness.

There were three confessions at the Baptist church last evening at the close of the sermon.

Mrs. W. P. Rooney entertained the Bi-Weekly club this afternoon at her home on Indianapolis Ave.

Mrs. William Meyers of near Four Corners, who has been quite sick for some time, is able to sit up.

Theodore Riden, who suffered a paralytic stroke Monday night, continues about the same today.

Mrs. James Blair who has been confined to her bed for the past two weeks with the grip, is improving.

The business men of Greenwood are planning to hold a poultry show there Feb. 14-17, and indications point to a successful meeting.

Revival meetings are being held at the German M. E. church this week by Pastor H. Knauff. An evangelist will be here next week to assist.

The members of the Woodmen lodge will give their annual banquet and entertainment in their new lodge room in the K. of P. building this evening.

One of the largest stone mills in Bedford belonging to John A. Rowe, was destroyed by fire last night. The loss will probably be estimated at \$35,000.

George Sprague was stricken with paralysis Tuesday afternoon in the interurban station and was removed to his home. His condition is quite serious.

Elby Hill, went to Jonesville this morning to spend a few days. Mr. Hill has been suffering with an abscess back of the left eye, but it is much better.

James F. Keach, of Brownstown, who has been sick, continues to improve and is able to sit up most of the day. His son, Ray R. Keach, visited him Tuesday and found him greatly improved.

Mr. and Mrs. E. M. Young went to Indianapolis this morning. Mr. Young will spend a few days on business and Mrs. Young will attend the spring millinery opening at the wholesale houses.

Aaron Love, age 75 years, brother of the late M. N. Love died Tuesday at the home of his daughter, Mrs. Lucy Love Botts, in Decatur, Ills. Mr. Love was a soldier and served in Co. F, 65th Ind. He has frequently visited his brother's family here.

The regular meeting of the Woman's Foreign Missionary Society was held in the parlors of the M. E. church Tuesday afternoon. After the transaction of the business, Mrs. U. F. Lewis gave a most excellent talk on the religions of China and the outlook for the future.

URGES MOVEMENT FOR Y. M. C. A.

Letter From Former Seymour Boy

Who Was Helped by the Big Meetings at Indianapolis.

OFFERS TO HELP IN WORK HERE

Plans Being Furthered Among Seymour Men Looking Toward the Organization of Work Here.

A few days ago the Republican published an article, concerning the proposed establishment of a Young Men's Christian Association in Seymour. The proposition has met with a hearty response with almost all of our men. Not only in Seymour has it awakened interest but among readers of the paper in other cities. This movement is in charge of the boys' committee of the Committee of One Hundred.

The following letter, which we received from Ed R. Ballard who formerly lived here, indicates the good which these organizations are accomplishing in other cities and emphasizes the value which such an organization could be in our own city. Mr. Ballard was not only helped by a Y. M. C. A. meeting but stands ready to help in the organization of such a building here in Seymour. The following is the letter:

Dear Sirs:
As I was reading in Thursday's paper I found considerable talk of starting a Young Men's Christian Association in Seymour. Well, I don't think the people of Seymour could make a better movement than to erect a nice building for a Y. M. C. A. for Seymour, for I know I was a wild and reckless boy in my boyhood days and I know if it had not been for the Y. M. C. A. meetings at the English Opera House in Indianapolis, no telling what would have become of me. I suppose I would have gone from better to worse. No telling where I would have stopped. I guess at the grave like most of others have. I thank the Young Men's Christian Association a thousand times over for their big meetings and the one that delivered the message that showed me my mean, contemptible disposition and the life I was living.

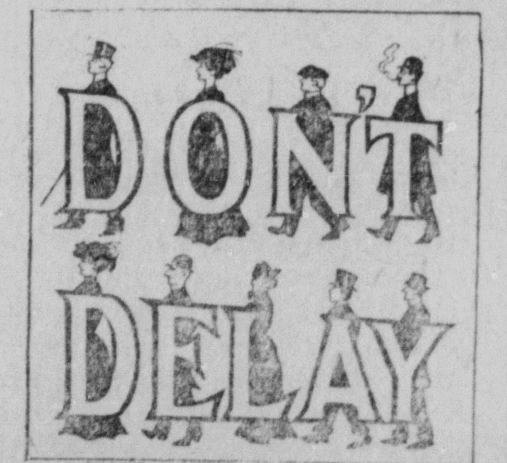

I don't know whether I will ever come back to Seymour to stay any length of time, but I still think of Seymour just the same. I think it is the best place on earth and if the people of Seymour still keep up this good notion, which I think they will, for the people of Seymour are too broad-minded to let anything drop like this. I always found they got everything they went after and always got the best. I will give \$5.00 in helping this wonderful movement. So if you get it started just drop me a card and I will send a check for same.

Yours very truly,
Chicago, Ill., ED. R. BALLARD.

FRANK MARTIN DEAD.

Was Once National Commander of the Sons of Veterans.

MARTIN—Frank Martin, secretary and treasurer of the Indiana Trust Co., of Indianapolis, died at 1 a. m. this morning in the Methodist Hospital in Indianapolis. He has been ill for some weeks since his return from a trip to Panama with the Bankers' Association in December, but for the last two weeks his condition has been quite serious. Three days ago he went into a stupor from which he never aroused. Last night it was decided that an operation was the only possible hope of saving his life, but he only lived an hour and a half after the operation. Tumor of the brain was found to be the cause of his death.

Frank Martin was forty years old and was born at Lebanon, Ind. He was in the state auditor's office for eight years, as clerk of the tax board under Auditor A. C. Dailey, and as deputy auditor under W. H. Hart. Since that time he has held a position with the Indiana Trust Company, where his responsibilities have grown from year to year until he became its secretary and treasurer. He was a man of splendid physique, of genial, kind-hearted disposition and had a host of friends in all parts of Indiana. Recently he was elected vice-president of the Indiana Bankers' Association.

From 1894 to 1896, Mr. Martin served as commander-in-chief of the Sons of Veterans of Indiana. In 1902 he was elected commander-in-chief of the Sons of Veterans of the United States at the national meeting of the organization in Washington. He served in this office with distinction, as he has always taken an interest in patriotic affairs. He was a Scottish Rite Mason, a Shriner, a Modern Woodman, and a member of the Board of Trade, the Columbia Club and the Marion Club. He was a member of the Central Avenue Methodist church.

He was a graduate of Franklin College in 1896; and in 1897 was married to Miss Elizabeth Payne of Franklin, who survives him. He was a brother of Harry J. Martin of this office, who was called to Indianapolis Tuesday evening by telephone. His father, Dr. T. H. Martin resides in Lebanon and one sister, Mrs. P. L. Powell, at Hamilton, N. Y. The funeral will probably be held Friday.

Dancing School.

Clyde Steinbrenner will organize a dancing class Feb. 8 as it was impossible to do so Feb. 1. The theatre manager having been called away on account of his wife's illness and the Stock Co. having the building rented also, used their authority by not allowing her use of the hall.

Dancing school 8 to 9 p. m.

Children's class 4:30 to 5:30 p. m.

Informal dance 9 to 12, 50 cents per couple.

No one except the class and patrons allowed in hall before 9 o'clock. f8d

A Statement.

Please correct yesterday's statement. Mr. Louis Thomas has epileptic attacks and is not right-minded at the time the cramps come on. He sings and halloos, whistles and cries and is not conscious of it. He was talking about Ed Finke and not knowing he was in the next room until Ed gave him answers, and that was the cause of the trouble. Mr. Thomas is bad sick, has not slept for two nights.

CHRISTIAN MINISTERS

Plan For All Day Meeting At Columbus, March 5.

The Southern Indiana Christian Minister's Association met at the Tabernacle Christian church Tuesday with President Harley Jackson, of Seymour, presiding. The Rev. Mr. Rader, of Seymour, who is secretary, was unable to be present because of illness and John Bare, of Columbus, was made temporary secretary.

The program committee reported for an all day meeting, March 5, when the program will include a review of Collett's "All About the Bible," by the Rev. W. J. Cooke, of Greensburg; an address on "Southern Indiana as a Mission Field," by T. J. Legg, state evangelist, and a paper by Grant K. Lewis, of Cincinnati, secretary of the American Missionary Society, on "Rural Churches and American Missions."

Sale of Real Estate.

In the matter of the estate of Mary McGinnis, deceased.

Notice is hereby given that by virtue of an order of the Jackson Circuit Court, in the State of Indiana, the undersigned as administratrix of the estate of Mary McGinnis, deceased, will offer for sale at public auction to the highest bidder on the premises, on the 10th day of February 1912, an undivided eight ninths interest in and to the following described real estate situated in the County of Jackson and State of Indiana, to-wit: Lot 341 in Block "W" in the city of Seymour, Indiana.

Terms of Sale:—Cash. Said sale will begin at ten o'clock a. m. on said day.

Notice is also given that at the same time and place Frank Bush, as guardian of Irene McGinnis, a minor, will offer for sale to the highest bidder, upon the same terms and conditions an undivided one-ninth interest in and to said above described real estate. Bids will be received for all of Lot 341 in Block "W" in the city of Seymour.

EVANGELISTIC SERVICES

A GLAD AND GLORIOUS GOSPEL
TO SINNERS WE PROCLAIM
A FULL AND FREE SALVATION
THROUGH FAITH IN JESUS' NAME.

My Brother's Keeper

The attendance was large and the attention excellent. Evangelist C. E. Watkins used four texts, but used as the chief scripture, Gen. 44:34. "How shall I go up to my father, and the lad not be with me?" The theme was "I, my brother's keeper." He pointed to Jacob's great love for Benjamin, his son, as a type of God's great love for men; that God cares for men, even more than father does for his children. Judah had made himself surety for returning his brother, Benjamin, back to Jacob, his father. The lad seemed about to be shackled as a slave for life in Egypt. Judah plead for the release of the lad, saying that he, Judah, would be a slave for life in Benjamin's stead. Therefore his mighty plea "How shall I go up to my father and the lad not be with me?" A type of the plea of Jesus for lost men. He pleads before God for the lost. He gave His life that for sinners who would accept Him that they may be made free from their sins and saved to eternal life. One fact the evangelist impressed with great force was that of responsibility for our influence over others, and this especially of the parents' influence over the children God has given them. Many godly parents lead their children to the Lord, but all too many use no influence in the saving direction and thus allow their children to go on in unbelief and be lost forever. How shall such parents go up to God and their children not only not saved—but lost—because those parents had done little or nothing to lead them to Christ and to salvation?

John Miller Hinderlider was born on the ancestral home farm in Carr township, Jackson county, Indiana, near Medora, Feb. 20, 1843. He died at his residence in Medora on Feb. 3, 1912, aged 68 years, 11 months and 14 days. He was the son of Joel and Ellen Peck Hinderlider, who were prominent pioneer settlers of Carr township. He was reared upon the farm and at the outbreak of the Civil War he enlisted Aug. 20, 1862, as a private in Company F, 67th Indiana Volunteer Infantry. He was promoted to second lieutenant of his company and proved himself a faithful soldier. On the 28th day of January, 1882, he was united in marriage to Katherine Cavens of Lawrence county this state, who still survives, together with one sister, Mrs. Rucker and two brothers, Daniel P. and Joel C. of Medora. Mr. Hinderlider was reared by Methodist parents and was always an admirer of that church. He also made it a common practice to assist any religious movement in the neighborhood. His friends number equally with his acquaintances, and he will be well and kindly remembered by them one and all. His funeral was conducted at his residence by Rev. Mr. Lopp of the U. B. Church and his remains were interred in the Zollman cemetery at Heighen Hill Monday, Feb. 5th, 1912.

BURNING DAYLIGHT is the best work yet produced by this masterful writer who has roughed it in many fields of adventure. Burning Daylight is a character fashioned out of the frozen North; how he comes out of the Klondike with wealth won from the obdurate earth, is vanquished and stripped of his millions in Wall Street, regains them, and returning to the West from whence he came, is conquered anew by love, then to renounce his riches, is told in the powerful style of this author who has achieved world-wide popularity.

Bruce Isaacs ran the Shores medicine wagon for his brother last week. Dr. Ackerman of Houston was called to Charles Brook's to see their daughter, Lovell, who is sick. Dr. Jenkins was called to see Mrs. Frank Spray, who is very ill. Mrs. Grant Thompson is no better. Grant Thompson was at Seymour Monday shopping. Monday while Oscar and Wilbur Anderson were cutting timber they accidentally felled a tree on their favorite dog, Curt, killing him instantly. Wilbur says he has lost a valuable friend. J. T. Pruden, our patriotic trustee, has placed a nice 5x8 flag over the Nigger Hill schoolhouse, the pupils as well as the teacher are very proud of Old Glory. J. G. Anderson and brother, Wilbur, attended the Lindley sale north of Cortland Tuesday. A. M. Oathout will build a new house for his son, Frank, the coming summer. L. W. Anderson will resume his place at the sawmill as soon as the weather moderates. Wm. Johnson and Harrel Robertson of Newkirk were in this vicinity buying turkeys Monday. Elva McCain of Highmount was the guest of his uncle, Geo. W. Phegley and family Monday. Lawrence Phegley sold a cow and calf to Will Richards Tuesday. Miss Leota and Nora Phegley were the guests of Miss Bertha Isaacs Sunday.

LONGVIEW
Several from here attended the Mullen sale at Freetown Wednesday. Homer Perry moved his family from the Bottorff farm to Seymour last week. Henry Lynebrink moved into the house he vacated. Joe Garlock of near Waymansville, and James Garlock of Terre Haute, visited their brother Andy here Tuesday. Mrs. Mary Weekly and Mrs. Dave Weekly of Spraytown, spent last Friday the guests of Mrs. Martha Bottorff. Mr. and Mrs. Joel McKain went to Oak Grove Tuesday to visit the former's sister, Mrs. Sanford Smith, who is quite sick. Mr. Will Meyer and daughters Hattie and Mabel, and Stella Bottorff, visited in the family of Jake Brackmeyer at Aene, last Wednesday. Mrs. Mary Weekly went to Berebers Church to visit her daughter, Mrs. Louis Meyer for a few days. Quite a number from here attended the sale at Bruce Findley's Tuesday. Ernest McKain and Edward Elkins traded horses last week. Lou White visited his parents at Aene Saturday. Word was received from St. Louis last week that T. J. Bottorff had suffered a relapse and was lying in an unconscious condition.

SULPHUR SPRINGS.
Wm. Sherman of Indianapolis visited with Wm. Kruege Sunday. Jim Deppert has been assisting Claud Swengel with his milking the past week. Henry Hohnstreiter was sledding logs Monday. Mrs. Minerva Glasson left Friday for Indianapolis to spend the rest of the winter with her daughter, Mrs. Lula Gillespie. Next Saturday at 2 p. m. is the regular time for the business meeting of the Ebenezer Baptist church. Henry C. Pierson made a business call on A. M. Brown one day last week. Claud Swengel is having his cream separated this week for the Blue Valley Creamery Co., Indianapolis. Miss Viola Shank made a business trip to Seymour Monday after school. Miss Edna Montgomery while playing at school Monday accidentally fell and cut a large gash in her forehead. Mrs. Rucker is able to get about some with her sprained ankle. Chas. Schmidt's children have been sick the past week with colds.

MUTTON CREEK.
The ground hog saw his shadow last Friday. Look out for six weeks of bad weather. Mrs. Storms of Seymour is here visiting her daughter, Mrs. John McCoy. Wm. Mails is on the sick list. There is not a large attendance at the consolidated school now on account of scarlet fever. Born, to Mr. and Mrs. Ben Brooks, Thursday, Feb. 1, a son. Cora Ebaugh, who has been sick with la grippe for two weeks is better. Mrs. Annis Henderson went to Seymour Monday on business.

THE DOCTOR'S QUESTION.
Much Sickness Due to Bowel Disorders.
A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored. Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction. Rexall Orderlies are eaten like candy, they act quietly, and aid in producing a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea, or other annoying effect. They are especially good for children, weak persons, or old folks. Three sizes, 10c., 25c., and 50c. Sold only at our store—The Rexall Store. The Andrews Drug Co., Seymour, Ind.

RUSSELL CHAPEL.
There were no services last Sunday on account of the cold weather. Our Sunday School has not been reorganized yet this year on account of sickness and the absence of our pastor, as he has been holding meetings elsewhere. The wife of Shadrack Shuttles died Saturday morning at 7 o'clock at her home near Russell Chapel of dropsy. She had been sick about eight months. The remains were taken to Mt. Eden, Washington county, Tuesday for burial. Lucy and Julia Waskom came down from Seymour Sunday to attend the funeral of their grandmother, Mrs. Shuttles. Geo. Shuttles of Illinois was called here on account of the sickness and death of his mother, Mrs. Shuttles. Uncle Ki Prince is improving from his sickness. Mrs. Jasper Thompson, who has been sick for some time, is better. Quite a number of teamsters, taking advantage of the roads while they are frozen, are doing quite a good deal of hauling.

Coughed Five Years.
Did you ever cough for five weeks—or five months? Then just think how distressing it must be to have a cough hang on for five years. Mrs. M. Mann, of New York City knows something about this. She says: "A chronic cough that lasted for five years seemed almost impossible for me to get rid of. Various other remedies gave little if any relief, but before I had taken half a bottle of Vinol I noticed a great improvement as I no longer coughed at night. "Now my bronchial trouble has quite disappeared and I feel sure that the credit is due to Vinol." The reason cough syrups did Mrs. Mann no good is that they do not and cannot build up the body and enrich the blood. That is what you have to do to get rid of a stubborn bronchial cough, and Vinol will do it for you. Vinol contains the curative, healing principles of fresh cod livers (without oil) and tonic iron. We guarantee it to be delicious in taste and to satisfy you with its medicinal effects. The Andrews Drug Co., Seymour, Ind.

DANDRUFF KILLS THE HAIR.
Use Mrs. Mason's Old English Shampoo Cream. It keeps the scalp clean and healthy and makes the hair bulbs active and strong. Made from the formula of a noted English hair specialist. 25c. at The Andrews Drug Co., and other druggists, Seymour, Ind.

TAMPICO.
Rev. Fred of Rockville, preached at the Christian church Sunday. The teachers held their township institute Saturday. Riley Cox and Wade Empson are cutting logs for the Crothersville Lumber Co. George Wolff was in Seymour Friday. Willie Morgan is on the sick list. Rev. Jesse Reynolds moved to Scottsburg last week. Ray Keach spent a few days here last week looking after his store. Rosa Wolff visited her brother over Sunday. Nellie Applegate is clerking in Ray R. Keach's store.

Flying Men Fall
victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry, Tenn., proved. "Six bottles of Electric Bitters" he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. It's folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at The Andrews Drug Co.

EAST GRASSY.
Thermometer registered 20 degrees below zero Tuesday morning. There will be seven months of school in our township. Albert Kling sold a fine lot of oak timber to Will Goerker of Crothersville. Mr. Goerker is having it hauled to town for shipment. Zickler & Sons will be ready for sawing the last of the week if weather permits. Osa Fleenor will sell his personal property the 15th of February. He will move to Illinois. Jason Waskom is delivering logs to the mill to have himself an up-to-date barn pattern sawed out. We hope to see a lot of logs in the mill yard this spring. Albert Zickler made a business trip to Brownstown Monday to receive the January school funds drawn. While the weather is suitable, log haulers are putting in good time hauling timbers to Crothersville. Henry Reber is hauling logs to the mill to have him some fencing and henhouse patterns sawed out. We don't take care of our poultry as we should. August J. Vornholt, who is a candidate for treasurer was in East Grassy Monday looking up the votes of the Democrats. C. D. Stockdell will sell his personal property the 26th. Mr. Stockdell will move to Illinois for future residence. Uncle Tom Killey is having logs hauled to Zickler's mill to have an up-to-date granary pattern sawed. Several of our farmers delivered stock at Crothersville Tuesday for Hall & Densford.

Indian Killed on Track.
Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it is that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Grip," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at The Andrews Drug Co.

WAYMANVILLE.
Mrs. Aug. Meitler and two sons, William and Walter, and daughter, Sophia, of Lincoln county, Kansas, arrived here Friday to visit relatives and friends. Mrs. Rev. Baumgart, who has been on the sick list quite a while, is some worse. Theodore Trimpe is visiting relatives in Cleveland, Ohio. Ethel and Delight, daughters of Mr. and Mrs. Oscar Tobrocke, were somewhat sick last week. Luella Hartman of Bedford, Indiana left for her home last Friday. Two children of William Uffman and wife were seriously ill last week. William Clark was elected committeeman by the Democrats here Friday. Frank Aldenhagen helped Popenhaus Bros. invoice. Dr. J. I. Maris is very busy. The dance at Ed Mooreman's which was held Saturday evening was well attended. All report a good time. Popenhaus Bros. are invoicing. Harry will retire from the business and will move to Kansas. We regret very much to lose such a good citizen and nice family. Mr. Henry Naffe of Cortland transacted business in Waymansville and called on Alfred Behrman one day last week. The people here are very much interested in the Indianapolis Star Presidential Primary. From what we can learn forty per cent of the Republicans of this precinct sent in their votes for Roosevelt. Seventy-five per cent of the Republicans of this precinct are for Roosevelt.

CORNETT GROVE.
Mrs. Wm. Callahan is on the sick list. H. S. Callahan sold a fine mare to Henry Brown, of near Nashville last week. Consideration \$225. Ida Hutchison of Bedford, visited relatives here part of last week. Mrs. Emma Elmore, Mrs. Ora Callahan and daughter Flossie, visited J. P. King and family Wednesday. Several from here attended the sale at Freetown Wednesday. B. F. Foster is reported worse at this writing. J. W. Elmore and family, H. S. Callahan and family entertained with music by "Bird" Hatten and Lute Harrell of Maunee, Sunday afternoon.

Roosevelt supporters are busy
confering over the situation confronting them as the result of the collapse of the La Follette boom. They realize that something will have to be done by them without delay.

BOBTOWN.
Balser Olinger is going to move on the Lauster farm, where he will farm the coming season. Wm. Mackey butchered two fine hogs Thursday. George Taskey bought a fine horse and buggy from Fred Meyers. Balser Olinger made a business trip to Jennings county Thursday. The Hopewell sale was well attended. Mrs. Ralph Hodapp is some better. There was no Sunday school last Sunday on account of the deep snow. Chas. Ehlers was here Sunday. There will be no more catechism until the school is out, which will be in April. Mrs. A. E. Rose has returned from a visit with her parents at Ewing. Kerkhofs are building a shed over their sawmill which burned some time ago. Cyrus Atkinson, who was here visiting has returned to his home in Oktown. George Taskey went to Seymour Monday. Chas. Kerkhof is some better.

A DRUGGIST'S FAVORITE KIDNEY REMEDY—CURED HIMSELF.
Fifteen years ago I had an attack of acute kidney trouble. I consulted a physician who gave me medicine which only relieved me for a time. After discontinuing his medicine my trouble returned as severe as before. Having heard of Swamp-Root I gave it a trial and can honestly state that three dollar bottles cured me, never having any sickness in fifteen years. I have sold Dr. Kilmer's Swamp-Root as a druggist for many years and can give it the very best of recommendations at all times. You are at liberty to use this statement any time you may wish.

DICKENS' CENTENNIAL.

Charles Dickens, the great English novelist was born Feb. 7, 1812, one hundred years ago today. His novels awakened England to the conditions of children in that country, and his sprightly humor and faithful portrayal of human nature have made him readers wherever the English language is spoken. Of his work, James Whitcomb Riley says:

"I can see no occasion for any comment on a man like Dickens. His portrayal of human emotions and characters is of the most marvelous, and the anniversary of his birth will not only be celebrated by the lovers of literature, but by the world at large. 'This celebration, whatever character it may take, is simply the tribute of the wholesome affection felt toward him by every one.

"His works have not only been celebrated by reason of their absolute faithfulness to human life, and especially to the lives of the poor and destitute, but to the deserving as well. 'He seemed to be in the mood always to write with intense loyalty to the characters in whatever situation he pictured them and he had great insight into the diverse nature of human kind. There is no author, living or dead, who has approached him in any sense in the sincerity of his work.

"It was an evident pleasure for him to write; so much so that at times one loses sight entirely of the fact of his matter being fiction. He wrote with such zest and such earnestness and such seeming urgency of desire to tell his story that the reader is affected exactly as if he were an on-looker on some drama enacted in real life.

"There are hundreds of instances of this peculiar charm of the man, but one will be enough to cite. The story of 'Mrs. Lirriper's Lodgings' is to me one of the best and most beautiful of his entire writings. So great is the joy and delight of the man in telling the story that the reader sees and hears and feels all of the beautiful pathos and all the delight of the tale, which is superlatively beautiful. It is a story whose very ecstasy and joy and delight are sufficient to bring tears of absolute happiness as you read."

Heart to Heart Talks.

By EDWIN A. NYE.

KEEP IT TO YOURSELF.

Do not whine. Hold up your chin and keep your troubles to yourself.

Every one of us must carry his pack. And in the carrying of it come strength and self respect.

When you were a child you could go to mother for sympathy and help, but the time comes when you must shoulder your burden alone.

Does the harness gall?

It is worse than folly to complain of it to your fellows. Each of them is bending his back to his own load. Can you expect any of them to lay down his load and listen to your whining?

If you go about retailing your griefs with expectation of sympathy you will experience only chagrin.

Of course if you fall down and really hurt yourself, if you are a genuine object of pity, the world's heart will be stirred in your behalf, and it will help you to the limit.

But—So long as the world sees that you are able to bear your pack it will expect you to get under it.

Stand up like a man.

Some of us who are older can look back over the way and remember how we were tempted to "put up a poor mouth" because of some hard job. We buttoned up our white lips and shut the hard luck story back.

Pluck and persistence and sweat pulled us through.

Do not whine.

It is useless. The whiner gets nowhere. And he becomes a nuisance. He saps his own strength by indulging his grouch, and he saps others of their strength because of his iterated grievance.

Hide your tale of woe.

Endure in silence. Keep your own counsel. Lean on yourself. Gird up your loins and keep a stiff upper lip. There's heroism in doing that.

Oh, I know—

Sometimes life looks like an unending and intricate tangle, and sometimes the pathway is dark and stony and steep. And there are thorns by the way.

But, after all—

The world that we are living in is mighty hard to beat.

With every rose you get a thorn.

But ain't the roses sweet?

UNCLE OBADIAH SAYS.

A stage-struck girl is a problem, but a stage-struck boy is a worse riddle than squaring the circle.

Charity begins at home, but she gets the best results when the list of contributions is printed in the papers.

What can the preacher think of the woman who apologizes for the biscuits when they are the best than can be made?

Opportunity is mighty particular about the looks of the door where she knocks. She seldom whacks one that is loose on the hinges.

If you haven't any better reason for doing something than that everybody else does it, it is a sign that you are not doing your own thinking.

We are nine-tenths bluff. Look how we fuss to be ready for visitors, and how the visitors fuss to be ready for the visit.—Armour's Farner's Almanac.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Fifty Years Ago Today.

Feb. 7.

On receipt of news of the surrender of Fort Henry to the navy the United States congress rushed through a \$10,000,000 appropriation for new ironclads.

The European allies were expediting their work of intervention in Mexico. England allowed France to take the lead.

Twenty-five Years Ago Today.

The United States senate passed a bill appropriating \$25,000,000 for army, navy and coast armament.

Practical Fashions

LADIES' AND MISSES' NIGHT GOWN

5623

In this night gown we have a plain model, with a straight yoke across both front and back, the skirts attached along the lower edge. The neck is finished with a small turnover collar and the bishop sleeves end in a band cuff. Not only thin wash fabric, such as muslin, longcloth and the like are used for these gowns, but also outing flannel and abbatross.

The pattern (5623) is cut in sizes 30 to 44 inches bust measure. Medium size requires 5 1/4 yards of 36 inch material.

To procure this pattern send 10 cents to "Pattern Department," of this paper. Write name and address plainly, and be sure to give size and number of pattern.

EASY DESSERTS.

Custards, when eggs are reasonable, are one of the easiest and most wholesome of desserts and an ideal one for children who have to carry their lunches to school. They may be either baked or steamed in cups.

Rice Custard.—Take two cups of good rich milk, add a half cup of cold cooked rice. Beat the yolks of two eggs, add six tablespoonfuls of sugar and a pinch of salt, add this to the rice mixture and cook like a soft custard. Take from the fire and add the beaten whites of the eggs and vanilla flavor, serve cold in cups, with or without cream.

Floating Island.—Scald a pint of rich milk, add a half cup of granulated sugar and the beaten yolks of two eggs, cook until smooth, and when cool add a teaspoonful of vanilla. Cook the whites beaten stiff and sweetened with two tablespoonfuls of powdered sugar, by dropping in spoonfuls on to boiling water. Arrange the islands on the custard and put a cube of jelly on each.

Prune Pie.—This is an exceptionally good pie. Wash one and a half pounds of prunes and soak over night in water to cover. Cook in the same water and remove the stones, cut prunes in quarters and add a half cup of sugar, a tablespoonful of lemon juice and a few grains of salt. Reduce the juice to one and a half tablespoonfuls. Line a pie plate with crust and dredge with flour, cover with the prunes, dot with butter, put on the upper crust and bake in a hot oven. Baked or boiled custard may be made more elaborate by the addition of cocoanut for flavor or chocolate, grated, may be added, if one cares for that combination.

Nellie Maxwell.

S.S.S. FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which gradually gets into the circulation because of indigestion, constipation, weak kidney action, and other irregularities of the system which are sometimes considered of no importance. This uric acid causes an inflamed and irritated condition of the blood, and the circulation instead of nourishing the different portions of the body, continually deposits into the nerves, muscles, tissues and joints, the irritating, pain-producing acid with which it is filled. Rheumatism can only be cured by a thorough cleansing of the blood, and this is just what S. S. S. does. It goes down into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every part of the body and relieving the suffering caused by this disease. S. S. S. being a purely vegetable blood purifier, is the surest and safest cure for Rheumatism in any of its forms. Book on Rheumatism and any medical advice desired sent free to all who write.

SECESSION IN NORTH MEXICO

Chihuahua On Verge of Revolt From Republic.

OROZCO LEADS THE MOVEMENT

Dominant Figure in the Madero Revolution Has Been Elected Governor of the Northern State and is Being Mentioned as a Presidential Possibility.—Trainloads of Refugees Are Crossing Border Seeking Safety.

El Paso, Tex., Feb. 7.—The state of Chihuahua is threatening to withdraw from the union of states and the republic of Mexico, it is believed, is facing the most critical point in its later history, northern Mexico is on the verge of revolt from the central government. General Pasqual Orozco has been elected governor of Chihuahua.

Chihuahua, the birthplace of the Madero revolution, threatens to be the breeding ground of a second, a more widespread and more important revolution than any military movement since Diaz seized the throne at the head of his Indian army. All railroad bridges around the city are burned. Emilio Vasquez Gomez, the new Moses of the Mexican people, is being mentioned for the presidency of the republic if the republic maintains its identity. If not he will head the revolting republic, which may be formed from the tier of the northern states with Chihuahua as the capital.

Pasqual Orozco, dominant figure of the Madero revolution, is being mentioned as a possible presidential possibility. His popularity, it is claimed, would sweep everything before it in his native state and he would overshadow Gomez, Madero, Gonzales or any other figure should he decide to run.

Juarez is now under the protection of the police and civilian soldiery. Rifles are being sold in wholesale quantities in Juarez and every household has obtained a rifle and determined to protect his home and family at the cost of his life if the malcontents attempt to loot and sack the town again. Refugees are leaving Mexico on every train and even on special trains in order to get away from the seat of trouble.

CHARGED WITH PEONAGE

Several Prominent Kentuckians on Trial in Federal Court.

London, Ky., Feb. 7.—Allen M. Cook, Merritt B. Eaves, Joseph B. Elliott, Charles Gardner, Dr. Pincney Phillips, Charles Flynn and Ed Smith are on trial in the United States district court here for peonage. The government will attempt to prove that a score or more of negroes were held and forced to work for Railroad Contractor Allen M. Cook to pay alleged debts due the contractor, and that all who left the camps without a pass from the "boss" were pursued, arrested and returned; that none was given a pass who owed the contractor, and that at each pay day the laborers were informed that they had taken up at the commissary all that was due them, and no more.

The defense vigorously denied all these allegations, and stated that the negroes had conspired to institute the prosecution in order to draw the mileage and per diem paid them by the government. There are more than 100 witnesses to testify, and it will probably take a week or ten days to try the case.

New Tax Commissioner.

Indianapolis, Feb. 7.—Governor Marshall has appointed former State Senator Eben H. Wolcott of Marion, a manufacturer of gas engines, as Republican member of the state board of tax commissioners to succeed Fred A. Sims of Frankfort, who has tendered his resignation to assume his duties as chairman of the Republican state central committee.

The Turkish government is worried over the situation in Crete, especially since the governor of the island took an oath of allegiance to the Cretan revolutionary union committee.

DICTAGRAPH STORY BADLY DISCREDITED

Other Stenographers Confirm Blumenberg's Opinion.

Washington, Feb. 7.—In the Lorimer investigation two of the stenographers employed in general official reporting at the capitol appeared on the stand, as expert witnesses and corroborated the opinion of Milton W. Blumenberg that the stenographic notes submitted as evidence by J. A. Sheridan were fabricated. The witnesses were H. H. Pechlin, who testified that he had had twenty-five years' experience as a shorthand writer and had been employed for several years reporting committee hearings and other official work, and Allister Cochran, who for ten years has been a reporter of official debates in the house of representatives. This testimony has impressed the committee with the importance of going more fully into the question of the authenticity of the stenographer's notes of W. J. Burns's dictagraph operator. Other expert witnesses will be called and the Burns stenographer will be recalled to the stand and he required to give a physical demonstration of his capacity to report a conversation under the circumstances which he alleges surrounded his taking of the conversation between Detective Bailey, Harry Kerr and Charles McGowan in the hotel at Toronto.

SWAMP SCANDAL HAS BROKEN OUT

Charges Made Against Department of Agriculture.

WILSON AND M'CABE INVOLVED

Formal Presentment by Two Representatives in Congress Alleges That Secretary of Agriculture and Solicitor in His Department Have Been Too Friendly With Various Companies Selling Underwater Land.

Washington, Feb. 7.—As a result of charges involving Secretary Wilson and Solicitor McCabe, which were laid before the house committee on expenditures in the agricultural department by Representatives Clark of Florida and Bathrick of Ohio, another investigation of the department of agriculture which promises to rival the recent Wiley inquiry in notoriety, has been ordered.

For some months criticism in regard to the alleged friendly attitude of the department toward various companies which have been exploiting under-land in the Florida everglades has been heard in Washington. These companies which are now under investigation by the federal authorities, advertised extensively throughout the country, and it is contended have collected millions of dollars for lands obtained at 50 cents an acre and sold a high as \$60 an acre; which are now covered with from two to ten feet of water which will not be drained for many years, if ever, and the ultimate value of which is doubtful.

The situation came to a head when Representatives Clark and Bathrick appeared before the house committee and charged that on the recommendation of Solicitor McCabe, Secretary Wilson had dismissed two high officials of the department and suspended a third on technical charges nearly three years old, which were recently revived by J. O. Wright, formerly an agricultural department engineer, but now chief engineer of the Everglades drainage project. The two representatives added that a circular letter of warning intended as a response to many inquiries received at the department as to the reliability of the Everglades lands for investment, and an elaborate report prepared at an expense to the government of \$11,000 had been suppressed by order of Secretary Wilson. The report, it was said, was not favorable to the sale of lands.

The officials dismissed—and their dismissal occurred last Saturday after the matter was brought to the attention of the Moss committee—were C. G. Elliott, chief of drainage investigations, and A. D. Morehouse, office engineer. F. E. Singleton, an accountant in the office, is the man suspended.

Representative Clark's testimony before the committee was sensational. He explained first that he was not at all opposed to the drainage of the Everglades lands, but that he did object to discredit being brought on the state of Florida through the exploitation of the Everglades by land companies which charged high prices for lands that would be under water for years to come. Then he told of a report prepared by J. O. Wright in 1909, when he was an engineer in the department. According to Mr. Clark it was so favorable to the Everglades proposition that it had to be entirely changed before being sent to the printer by Chief Engineer Elliott. It was this revision which it is charged Secretary Wilson refused to make public.

"I went to the agricultural department with two friends from Florida," said Mr. Clark, "to ask about this report and why it had not been published. I inquired of the secretary why he had suppressed it. He told me he had done so at the request of the people who were selling the Everglades lands."

In support of this statement a letter was laid before the committee. This letter was by W. R. Hardee of Jensen, Fla., one of the men who accompanied Mr. Clark to the department on the occasion referred to. Mr. Hardee says in his letter that Secretary Wilson, being pressed for a fuller explanation of why he had suppressed the report unfavorable to the Everglades lands, replied:

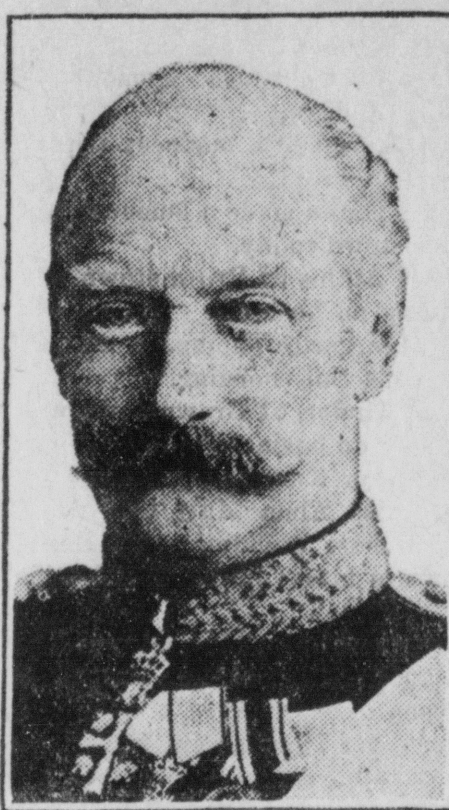

"I am not running this office for the protection of fools who do not know any better than to buy something they never saw and do not know anything about."

In connection with the charge that Secretary Wilson ordered the suppression of the circular prepared for distribution to those contemplating investment in the Everglades lands and who wrote to the department for information, the representatives laid before the committee a letter written by chief Engineer Elliott to Secretary Wilson, telling how he had been threatened with "exposure" if he did not discontinue the distribution of the circulars. Mr. Wilson, he says, ordered him to stop sending out the circulars and to refuse all information to those asking about the Everglades lands. This, it is conceded, was after the department had spent \$11,000 in an investigation of the submerged lands.

The boycott against butter at high prices is having a telling effect. The movement has spread all over the country.

FREDERICK VIII

King of Denmark Seized With Sudden Illness While Walking.

Copenhagen, Feb. 7.—King Frederick VIII. was taken seriously ill while out walking. He was hurried to the palace and when he arrived there it was found that his condition had become worse. The royal physicians were summoned and the king was ordered to bed.

GOT AN INJUNCTION AGAINST THE TRUST

Steel Corporation Must Not Burn Any More Records.

Washington, Feb. 7.—For violations of the Sherman anti-trust law, under the so-called steel wire pooling agreements which were conducted under the leadership of the American Steel and Wire companies of New Jersey, the United States government will seek further indictments. In papers filed by the department of justice in Trenton in connection with the dissolution suit of the United States Steel corporation it is intimated plainly that the government hopes to include officials of the steel corporation in these criminal proceedings. The federal government charges, in fact, that James A. Farrell, now president of the steel corporation, not only was cognizant of the unlawful pooling arrangements conducted under the lead of the steel and wire company, but aided and abetted the alleged unlawful practices.

These statements are contained in a petition which the federal government filed with Judge Gray in the United States circuit court at Trenton asking for an injunction restraining the steel corporation and its subsidiaries from destroying papers that the government may want in the prosecution of its dissolution suit against the steel trust. The government charges that a trunkful of papers and documents, several thousand in number, already have been destroyed. The government's petition adds that documents that have been destroyed in this batch tended to show that President Farrell of the steel corporation had knowledge of the alleged unlawful pooling agreement. The government asked for an injunction on the ground that there was reason to believe that other valuable documents might be destroyed. Judge Gray granted the restraining order.

BOLTED CONVENTION

Roosevelt Republicans in Florida Cause Split in Party.

Jacksonville, Fla., Feb. 7.—One hundred delegates to the state Republican convention, held at Palatka, bolted the convention, proceeded to another hall, organized and unanimously endorsed Theodore Roosevelt for president. Officers under this administration, who were delegates, remained loyal to Mr. Taft. Each convention has placed a different ticket in the field.

The Republicans will send two delegations to the national convention, one pledged to Taft and the other to Roosevelt, and it will be up to the national body to decide which shall be admitted.

Evidence of Foul Play.

Hammond, Ind., Feb. 7.—The body of Frederick McGarrity, aged forty-five, a farmer, living near Cedar Lake, was found frozen in the rear of a garage near the Banyon hotel, with the head badly gashed and skull fractured. When last seen McGarrity had a large sum of money with him, and it is believed he was attacked and robbed.

Fatally Hurt by Human Catapult.

Valparaiso, Ind., Feb. 7.—Struck and killed by a passenger train on the Lake Shore railroad, John Rock's body was hurled against Edward Smith, a brakeman, and Smith was probably fatally injured. Rock was cleaning a switch and Smith was standing several yards from the track.

Negro Convicted of Murder.

Terre Haute, Ind., Feb. 7.—Arthur Jackson, colored, was found guilty of murder in the first degree for killing Joseph Alberts.

MANY ARRESTS ARE EXPECTED

Federal Grand Jury Returns Thirty-Two Indictments.

CLIMAX IN DYNAMITE CASES

Some of the Indictments Cover Names of Several Individuals in Conspiracy Charges and It is Thought Warrants Are Out For More Than Fifty Union Labor Men—Names Will Not Be Given Out Until Arrests Are Made.

Indianapolis, Feb. 7.—Thirty-two indictments have been returned in the federal court by the grand jury which has been investigating dynamite outrages in all parts of the country for six weeks. The grand jury was not discharged, and it is understood, although permitted to go to their homes, their work is not yet done. Other cases which it is deemed better to go over for a short time will be taken up later.

The thirty-two indictments do not mean that only thirty-two labor leaders have been indicted, for some of the indictments are for conspiracy, and there are as many as three or four indictments on some of them.

It is believed the number indicted will not fall short of fifty and it may exceed that number. The indictments returned are all in the dynamiting cases, and in the conspiracy cases several persons are involved, and it is also certain some of the defendants are named in more than one indictment, as evidence has been produced showing that some of the persons who will be arrested not only conspired to transport explosives unlawfully, but personally assisted in the unlawful transportation.

As a result of the grand jury investigation, it is said, grounds for only two charges in connection with the dynamite cases were established. One of these is for violating the statute which provides that it shall be unlawful to transport dynamite or other explosives on a passenger train engaged in interstate commerce, and the other is the violation of the conspiracy statute. The unlawful transportation statute has a penalty of not more than eighteen months' imprisonment and a \$2,000 fine for each offense, the penalty attached to the conspiracy statute being two years' imprisonment. The names of those named in the report of the grand jury will not be given out until arrests are made.

Implicated by the evidence which the government has spent months in examining, are believed to be many men active in the iron workers' local unions in numerous cities, who although well known among members of their own craft, are not widely known in the country. The list of men who will be obliged to stand trial here, however, is thought to include several prominent officials or ex-officials of the iron workers, who are widely known in labor circles.

Just when the arrests will be made is said to be unknown even to federal officials. There remains considerable work to be done in getting certified copies of the indictments which the law requires shall be sent to the districts in which defendants are arrested. Time will be required also in getting the capias into the hands of United States marshals and government agents in the different districts.

BODY IDENTIFIED

Mystery Surrounding Disappearance of John Kutman Cleared.

Laporte, Ind., Feb. 7.—The mystery surrounding the disappearance about a year ago of John Kutmar of Michigan City, has been solved in the positive identification of the body of the murdered man found at Stakeston, S. D., as that of the Indiana man, who went west with Bruno Seytko, who was arrested at Gary for the crime.

Investigation at Michigan City developed the fact that Kutman took a large sum of money with him when he went west. Seytko had become enamored of Mrs. Kutman when the latter lived in Michigan City, and money, as well as infatuation, are said to have furnished the motive for the murder. Kutman was found in the woods near the South Dakota town with his head crushed.

Indiana Boy's Bad Record.

Elwood, Ind., Feb. 7.—Albert Walker, aged eighteen, has confessed robbing twenty-seven places, including postoffice here. He has disclosed the hiding place of seven sets of silverware, taken from stores and dwellings; twelve broken sets and a one-horse wagonload of hardware, cutlery, revolvers and cartridges.

Used Oil to Kindle Fire.

Portland, Ind., Feb. 7.—O. M. Berry, aged forty, a farmer, living northwest of here, was fatally burned by an explosion when he attempted to start the kitchen fire with crude oil. He extinguished the fire in his clothes by rolling in the snow.

Caught in Burning Home.

Hammond, Ind., Feb. 7.—The wife and four children of Fred Berkner were perhaps fatally burned in their home. They are in a hospital. When fire broke out in the house the family was trapped in the second story.

YOU CAN HAVE HEALTHY HAIR

Use Wyeth's Sage and Sulphur. A Harmless Remedy That Makes the Hair Grow.

What a pity it is to observe so many people with thin and faded hair and then realize that the most of these people might have a fine, healthy head of hair if they would but use the simple "sage tea" of our grandmothers, combined with other ingredients for restoring and preserving the hair. No one, young or old, need have gray hair, weak, thin or falling hair, dandruff or any trouble of the sort if they would but use Wyeth's Sage and Sulphur Hair Remedy. On the contrary, it is possible to have healthy, vigorous hair, of perfect color, by a few applications of this remarkable preparation.

Wyeth's Sage and Sulphur Hair Remedy quickly removes dandruff, leaves the scalp clean and healthy, promotes the growth of the hair and restores the natural color of the hair which has become faded or gray. It is a clean, wholesome dressing, which may be used at any time and with perfect safety. Don't neglect your hair. Start to-day with Wyeth's Sage and Sulphur.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Instead of Liquid Antiseptics or Peroxide

Reconciliation to God

By Rev. James M. Gray, D. D.,
Dean of Moody Bible
Institute, Chicago

TEXT.—And you, that were sometime alienated and enemies in your mind by wicked works, yet now hath he reconciled. In the body of His flesh through death, to present you holy and unblameable and unproveable in His sight: If ye continue in the faith grounded and settled, and be not moved away from the hope of the gospel, which ye have heard.—Colossians 1: 21-23.

The apostle Paul is here speaking of Jesus Christ as the one in whom all the fullness of the Godhead dwells and by whom it pleased the father to reconcile all things unto himself. By "all things," however, he does not mean all things universally or absolutely, for that would include not only the souls of the

condemned, but the demons in hell and even Satan himself. But he means all the things which it has pleased the father from the beginning thus to reconcile. The definite article in the Greek suggests this as the thought, which is made clear by the other teachings of the Bible on the same subject. Among those things which it pleased the father to reconcile to himself are the believers on Jesus Christ, and it is of their reconciliation especially that Paul here speaks.

1. First he shows our need of reconciliation, by telling us that we were "sometime alienated and enemies in our mind by wicked works."

"Sometime" covers the whole period of our lives from physical birth to our new birth by the holy spirit. All that time the natural man is alienated from God. And not only alienated, but hostile to God, an enemy, as the text says.

What Are Wicked Works?

This enmity need not show itself necessarily in giving way to the lower and baser appetites of the body. There are cultivated men and women who are able to control these appetites, but who are at the same time enemies to God in their mind—i. e., in their modes of thought and feeling, which are contrary to his revealed will. And this enmity must in the very nature of the case, show itself in "wicked works."

II. Second, he shows the source of our reconciliation, which is God himself. "Yet now hath he reconciled us." The very one from whom we were alienated and against whom we were enemies is the one who reconciles us.

"He who might the vantage best have took Found out the remedy."

This is grace, especially when we understand that it does not mean primarily that we became reconciled to God, but that God became reconciled to us. This he did by taking that sin out of the way which was the barrier to his reconciliation.

III. This leads Paul to speak in the third place of the means of our reconciliation which was the work of Christ for us on the cross as our substitute Saviour. "In the body of his flesh through death." Why say "the body of his flesh?" Why not say "his body" without adding "flesh?" Because there was a heretical sect in that day which denied the materiality of Christ's body. They believed in a spiritual, but not a material, mediatorship.

But Christ had a real body and real flesh and real blood which he offered in propitiation for our sin, he passed through real suffering and died a real death. Such is the teaching of this verse.

IV. And this brings us to the fourth point, which is the result of our reconciliation, presented "holy and without blemish and uncharged in God's sight." This is true immediately of every believer the moment he accepts Christ by faith as his Saviour. Oh, if every body in this sin-cursed and sin-weary world only knew and believed that! If they would only pause in the rush of things and listen to it for a single moment!

The Battle of Concord Bridge.

At the battle of Concord bridge, at the beginning of the revolution, when John Buttrick gave the command to fire it was to British subjects he gave it, but it was obeyed by American citizens. In other words, in that instant their condition became changed, though the experience of that change was a thing of growth. So the instant a man takes Christ as his Saviour, he stands before God free from the guilt of sin, without blemish and without charge. And this is grace!

The final point in the lesson is the proof of our reconciliation, which is that we "continue in the faith, rooted and grounded and not moved away from the hope of the gospel." Paul is speaking not to the false teacher who went out of the church, but to the true believer who stayed in. Those who are true to the "faith delivered once for all to the saints" have the witness in themselves that they are reconciled to God.

STORIES OF CAMP AND WAR

SAW FAMOUS BATTLEFIELD

How Wilson's Creek Appeared Year or More After It Had Become Known Over Country.

The appearance of the Wilson's creek battle field a year and more after this obscure Missouri valley became known to all the country is described in a letter written November 24, 1862, by the late Capt. William Van Gundy of the Ninety-fourth Illinois regiment, which was concerned in the Arkansas-Missouri campaign of that season. The letter is now in the possession of Captain Van Gundy's grandson, A. L. Benedict of Franklin Park, Ill. It is, in part, as follows:

"Wilson's creek, Mo., Nov. 24, 1862. I wrote you two letters since we left Springfield, in which I gave you an account of our march up to the twenty-first, when we were camped on the James river. We left there the next morning and traveled about a mile west, when we were halted and two companies were detailed to build a bridge across the river. This was done by piling up rails in the water for pillars about fifteen feet apart; then logs were laid from one pile to the other for sills; then rails were laid across on the logs for a floor to walk on. The bridge was about 100 feet long. It took about one and one-half hours to build it. We crossed over with dry feet, but we did not stop to put the rails back on the fence again.

"After we had crossed the river we kept bearing to the north until we struck the main road from Springfield to Cassville. Then we came about a mile toward Springfield to Wilson creek, where we camped and we are still here. Herron's whole division is camped here, about 10,000 men. Totten's division is about ten miles south. We are about one and one-half miles south of the battle ground.

"Yesterday was a beautiful Sabbath day, and Henry, Ad. Branaman, Gip. Watkins and John Furr and myself went over to see the battle ground. We followed the road until we came to a large frame house, where they told us Price had his cannon planted in front and about fifteen feet from the house. It was here that Sigel took Price's cannon and burned his train of wagons. The house shows the ef-

"There is a Pile of Rocks Where He Fell."

fects of the battle. The weather boarding is pierced with musket balls. One twelve-pound cannon ball went clean through the kitchen and a piece of a shell cut its way through the cornice.

"We went on about half a mile northwest of this house and we came to the spot where General Lyon was killed. I confess that as I went up to the place there was a feeling came over me different from anything I ever experienced before. I had read over and over about the battle and his death, not dreaming that I would ever see the place, but here I was, right on the very spot where he fell. The spot is kept sacred. There is a pile of rocks where he fell, and everybody that goes to see the place puts a stone on the pile. I put two, and all that were with me did the same. The bones of his two horses are lying about twelve feet from where he fell. It is a very rough and uneven place for a battle. There are trees and bushes all over it, and there is hardly a tree or bush that escaped the bullets."

Not From Indiana.

Colonel Mundy was a thorough Kentuckian, and had all the local pride of one born in the Blue Grass section. He also had the prejudice against being taken for an Indianan which seems inherent in native-born Kentuckians. Once a stranger accosted him and said:

"Are you not Colonel Mundy of Indiana?"

The Kentuckian sprang from his seat, and, glaring at his interlocutor, exclaimed angrily:

"No, suh! No, suh! The reason I look so bad is because I have been sick."

MARRIED OLD MAN FOR LOVE

Young Bride of Head of United Wireless, 67 Years Old, Says She Did Not Wed for Money.

New York.—It was for love and not for money that pretty 18-year-old Stella Lewis married Christopher Columbus Wilson, the 67-year-old head of the United Wireless company, she informed United States Commissioner Alexander. Mrs. Wilson, who was married the day her husband was indicted for using the mails to defraud, was a witness in the bankruptcy proceedings to ascertain if Wilson had concealed any of the \$1,500,000 he is supposed to have obtained from the sale of United Wireless stock. He is to be brought from Atlanta, where he is now serving a three years' sentence, to testify Dec. 22.

Mrs. Wilson, who had been a stenographer for the United Wireless, enlightened the commissioner and Saul S. Myers, attorney for the receiver, as to why she had married, but she did not furnish information as to whether or not her husband had any assets lying around that a receiver in bankruptcy could get hold of.

According to her testimony it would have been more profitable for her if she had remained with her notebook, pencil and typewriter instead of marrying a man who, at the time of the wedding, was supposed to be worth millions. The marriage came at the time the government was looking for Miss Lewis to use her as a witness against the Wireless heads at the trial.

It is the belief of the creditors of the Wireless company that Wilson has concealed about \$750,000. One question of Attorney Myers showed it was his opinion that Wilson, prior to his arrest in the summer of 1910, made a trip to Europe and deposited in banks over there about \$450,000. This was news to Mrs. Wilson, she said.

She last saw her husband at Atlanta about three weeks ago. She is now residing with her parents at 605 West 115th street, and said she was subsisting on their bounty, as all the money her husband had given her since he was taken to prison, \$550, had been expended.

Mrs. Wilson said the only property her husband had at the time she married him was a house at Long Beach. He was offered \$30,000 for it, but it was assigned to his attorneys in payment of their fees for defending him. She said she believed John B. Stanchfield received \$40,000 for conducting Wilson's defense.

HUGUENOTS GET PAINE HOME

Secure Building as a Headquarters in New Rochelle—Celebration Planned.

New Rochelle, N. Y.—Henry M. Lester, president of the Huguenot Association of New Rochelle, turned over to the trustees of the association the house which was given by the state of New York to Thomas Paine after the Revolution in recognition of his patriotic services. With the house goes an acre of ground on North avenue, known as Deveau Park. House and ground are valued at \$10,000. The board of trustees elected James S. Haviland, president; Charles Pryer, secretary, and George F. Flandreaux, treasurer.

Mr. Lester bought the old house three years ago, moved it to its present site, and restored it. It is now known as Deveau House, renamed for its original owner, a Tory, who fled at the outbreak of the Revolution. It is the headquarters of the Huguenot association, and is used as a public museum of Huguenot and Westchester county relics.

The association is preparing for a celebration in 1913 to commemorate the two hundred and twenty-fifth anniversary of the settlement of New Rochelle by Huguenots. The common council and other city officials will be invited to take part in the event, which will probably take the form of an old-fashioned festival, with pageants. An official delegation from the city of La Rochelle, France, is to be received, having accepted the invitation extended by Henry M. Lester and Charles Pryer, who represented New Rochelle at a special celebration at La Rochelle last October.

TO FOUND LIBRARY FOR BLIND

Corporation in Washington Will Try to Establish Universal Type for Use of Those With Sightless Eyes.

Washington.—An organization known as the National Library for the Blind has been incorporated here to carry on a movement to establish a universal type for blind readers and to distribute books among them.

Literature for the blind, now published at a rate of less than 50 books a year, is made less useful to them because it is now printed in at least five distinct styles of type. There is now no method of circulating books for the blind.

The national library aims to have all books for blind readers printed in types which shall be universally understood and to establish traveling libraries. The library also will buy and copy sheet music for blind students and assist them to new livelihood by transcribing books and music for the library.

Thomas Nelson Page is president of the library and Etta Joselyn Griffin is its director.

Mrs. Champ Clark is national chairman of the membership committee and Mrs. Ernest W. Roberts, president of the Congressional club, is national chairman of the publicity committee.

The library has been incorporated with 500 charter members.

NOT AN AUSTERE HUGUENOT

New French Teacher at Wellesley Used English When Her Finger Was Pinched.

In some recent reminiscences of the earlier and simpler days at Wellesley, when Mr. Durant was yet living, and showing an eager and constant interest in the 300 lively girls of his college family, Prof. Katherine Lee Bates tells a pleasant anecdote of the arrival of a new French professor, whose first appearance was at the dinner table.

She had been heralded for weeks before by Mr. Durant's joyous proclamation of her high and lovely qualities, her Huguenot descent, her traditions of martyrdom, her heroic type of piety. All eyes were straining eagerly toward the doorway, where, beside the gracious presence of Miss Howard, appeared a tall, lithe figure, with a dark, alert, laughing face.

The impatient warders closed the doors a shade too soon, and the stranger's little finger was caught and pinched. Then upon our intent stillness broke the cry, "O gosh! O gosh!" as, with all the charm of French vivacity, the smarting finger was shaken high in the air.

Our ideas of Huguenot austerity brightened from that moment.

Mademoiselle's French and the German of a more brilliant acquisition, Prof. Carla Wenckebach, proved as admirable as their English was occasionally surprising.

One of the innumerable queer phrases attributed to Professor Wenckebach related also to a pinched finger—not her own, but that of a student. It had been crushed by a falling window. The professor wished to tell how severely the finger had been hurt.

"The poor child!" she explained, compassionately. "Her window dropped upon her hand and jellied her finger to a jam!"—Youth's Companion.

MODERN "HELOTS."

In sounding again a note of warning against the reckless dissipation of the coal-supplies of the British Isles, Sir William Ramsay makes an interesting comparison to show that, thanks to its coal, the people of England are, family for family, four times better off than those of Athens in its palmy days. Each Athenian family had, on the average, five helots, or slaves, to do its bidding. Now the "man-power" of the coal annually consumed in Great Britain amounts to 175,000,000, and dividing this by 9,000,000, the number of families inhabiting the country, we see that each of those families has working for it the equivalent of nearly 20 helots.—Youth's Companion.

QUEEN'S GOOD WORK.

Queen Helene of Italy has been called the babies' queen, because she is so devoted to her children. She is very much interested in all that pertains to the welfare of children, and helps establish hospitals for them, being the patroness of many that are for the aid of children only. She also helps the older girls, establishing schools for lacemaking and otherwise striving to make them self supporting.

"But, man alive, gloves by their very nature should be things always on hand."

VALUABLE ADVICE.

Seymour Citizens Should Profit By the Following Statement.

Doan's Kidney Pills cured this Seymour Resident. Their Merit was shown—the story told.

Now comes further evidence. The testimony is confirmed.

The remedy was tested—the cure lasted.

Could Seymour residents demand stronger proof?

It's Seymour testimony. It can be investigated.

Mrs. Lydia Owens, 426 Jackson St., Seymour, Ind., says: "Several years ago I had pains in the small of my back and was also subject to headaches. My kidneys were badly disordered and I attributed my trouble to the failure of the kidneys to do their work properly. When I learned of Doan's Kidney Pills, I immediately procured a supply and their use corrected my trouble. I know of other people who have taken Doan's Kidney Pills and praise them as highly as I do." (Statement given in 1906.)

No Trouble Since.

On April 14, 1910, Mrs. Owens was interviewed and she said: "During the years that have passed since Doan's Kidney Pills cured me, I have been entirely free from kidney trouble. I am constantly recommending this remedy."

NOTED CIVIC WORKER BLAMES THE WOMEN

Ida Tarbell Says They Are
Incapable Buyers

New York, February 7.—Much of the distress of the poorer classes narrows itself down to the fact that women are such poor judges of equity and such incapable buyers, so Ida M. Tarbell, noted civic worker, told a big gathering of women, basing her observations on her study of tenement life and its problems.

The speaker addressed the members of the Association of Practical House-keeping Centers at its annual meeting.

"The problem of life for these people," said Mrs. Tarbell after an interesting recital of her visits among the families of miners and factory workers in the Homestead district and textile towns, "is rather the way in which the money is handled and the food is cooked."

Miss Tarbell said she has found from her experience that one of the reasons for distress is because women do not appreciate, in making purchases, the value of money. "We are mighty poor buyers," she said. "We take anything that is given us without regard to quality. We do not know quality when we see it."

The speaker said that she saw "as pretty a gown as any of us ought to want to wear—except on special occasions—that a girl had made at a cost of \$1. But there are a great many who know nothing of sewing and nothing of housework."
